

# Do you have a Patient, Resident, or Loved One with a recent positive COVID-19 Test?

**We Can Help!** AlzOC's 25-bed short-term, residential care COVID-19 unit is perfect for adults with mild COVID-19 symptoms who require isolation but not hospital-based care.

Adults who require isolation to prevent spread of COVID-19 can recover in our short-term residential care unit that provides tender care until COVID-19 status resolves.

Operated in collaboration with Fairview Developmental Center and the State of California, AlzOC has dedicated resources to provide short-term respite care with expert staff, in a residential setting at **NO COST** to residents or families.

**Now open to adults positive for COVID-19 who require isolation.**

**Short-stay, residential care for adults recovering from COVID-19**

- Memory Loss
- Medically Frail
- Disability

**Staffed 24/7 with LVN team leads, trained caregivers and RN Managers**

- No-Cost COVID-19 Residential Care for Adults

**Alzheimer's | ORANGE COUNTY**

**What?** A 25 bed unit for adults over 18, positive for COVID-19, with mild symptoms of COVID, who cannot easily isolate in their current living situation to receive short term residential care until their COVID status resolves  
Licensed as an RCFE (Residential Care Facility for the Elderly) and a RACS (Residential Alternative Care Site)

**Who?** Adults over 18, older adults over 60 and individuals who are medically frail, have a disability or memory loss/dementia who are positive for COVID-19, with mild symptoms not requiring hospital-based care. Primarily for residents of Orange County, people from outside OC can be admitted with special approval.

**Where?** Building 29 on the campus of the Fairview Developmental Center, 2501 S. Harbor Blvd., Costa Mesa, 92626

**How?** Intake inquiries can be sent to [covidintake@alzoc.org](mailto:covidintake@alzoc.org) or call Patty Barnett Mouton at 714.349.5517 or the nursing station in the unit at 949.466.5421 or 949.466.5464.

**How long?** Most residents stay a minimum of 10 days, up to 28 days, depending upon symptoms

This is a short-stay facility, residents will go back to their previous residence once their COVID status is resolved.

**How much?** There is **NO COST** to residents or their families. Fees are covered by a collaboration between Alzheimer's Orange County and the State of California

**How do people get there?** Residents approved for admission in OC will be transported via ambulance, ordered by the AlzOC COVID+ Care Unit staff.
