

Complimentary Continuing Education Webinar

Join us for a FREE webinar that offers one (1) hour of continuing education credit for the following California Professionals: RCFE Administrators, licensed RNs and LVNS, LMFTs, LCSWs, LEPs, LPCCs and CLFPS.

Requirements for CE Credit: Participants must attend for a minimum of 60 minutes, have access to both audio and visual elements, respond to poll questions during the webinar, and return the completed course evaluation.

NEUROPSYCHIATRIC SYMPTOMS IN ALZHEIMER'S DISEASE AND OTHER DEMENTIAS

TUESDAY, SEPTEMBER 10, 2024 11:30AM PST - 12:30PM PST

This presentation explores the neuropsychiatric symptoms commonly associated with Alzheimer's disease and other dementias. Participants will explore the causes, manifestations, and impacts of symptoms such as agitation, depression, anxiety, and psychosis on patients and caregivers. The course will also cover current strategies for managing these symptoms, including pharmacological and non-pharmacological approaches, with an emphasis on improving quality of life and patient outcomes.

At the completion of the course, participants will be able to:

1. Understand and describe the common neuropsychiatric symptoms associated with Alzheimer's disease and other dementias.
2. Evaluate and discuss current management strategies for neuropsychiatric symptoms, including both pharmacological and non-pharmacological interventions.
3. Assess the impact of neuropsychiatric symptoms on patients and caregivers and explore supportive measures to enhance quality of life.
