

Dementia Caregiver Education Series 2025

To benefit caregivers and those they love

Are You Equipped? Equipping Caregivers for the Trek

Caregiving can feel like a marathon in foreign territory with no road map or GPS. Care levels, care plans, resources, respite...it's like learning a new language. Join us in a discussion to unravel some of the mysteries of giving care to a loved one with dementia.

Part of a marathon is strength training. Together, we can build strength through knowledge. We want you to be well-equipped for the journey!
